

32 YEARS
ourstory

KEEPING
YOU SAFE
SINCE 1989

1989

Company founded by Mr. Lee (who still runs the Group), and Mr. Ang

We have been saving lives across the world by protecting hands and preventing the spread of disease since 1989 when we manufactured our first gloves.

1989

Founding of UG Healthcare USA

From our offices in Costa Mesa, California, Ken and Pat's team focus on disposable and clean room products.

1990

Founding of Unigloves Germany.

Founded by Klaus Jöriskes in 1990, our team in Germany have built their business around the dental, hygiene and specialist markets across Germany, Austria and Switzerland.

2008

Patent granted for our proprietary Vitality moisturising gloves.

1997

Certified by The TUV Cert Certification Body of Rheinisch Westfälischer TUV for conformance with the requirements according to ISO9002/ EN ISO 9002 / MS ISO 9002 on our quality management system for the manufacture and supply of latex examination gloves.

2010

Coloured nitrile gloves – our popular Pearl range introduced.

2002

Founding of Unigloves UK Ltd

Having worked in Unigloves Germany, Kevin Onah started trading in the UK with an initial focus on the dental sector.

2014

UG Healthcare Group shares are listed on the Singapore Exchange, share reference SGX:8K7.

2021

The Future | New factory

By understanding both our distributors' and our end users' needs, anticipating how they will evolve in the future, and focusing on hand protection solutions for them in the long-term, we can build on our vision and continue to grow. In 2021, we will complete the construction of our fourth factory in Seremban, Malaysia.

2021

Launch of new industrial glove range

We doubled our range of protective gloves to over 100 different gloves, covering all major hand protection risks. The new range of insight-led industrial glove solutions has been developed with protection and performance in mind. The enhanced range covers all significant risks in the modern workplace, from chemical to thermal hazards.

2020

Corporate Rebrand

Unigloves launched a new unified brand identity across the Group, aiming to align our brand and coordinate our activities across 5 continents and to reflect its position as a leading global manufacturer.

2018

Malaysia offices

New Unigloves factory in Seremban, Malaysia, increasing our monthly capacity from 50 to 200 million (300% increase).

2014

Founding of Unigloves Brazil

Fabricio and the team in Brazil, focus on dental, hospitals and medical sector, cosmetic clinics offering a vast range of coloured latex, nitrile and vinyl gloves.

2012

Founding of Uni-medical Healthcare Ltd, Nigeria

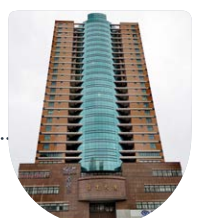

Across our 4 offices in Abuja, Asaba, Enugu and our HQ in Lagos, our team in Nigeria offer single use gloves and infection control products for the dental, medical, nursing and hospital sectors. They've formed a key partnership with B Braun Melsugen.

2002

Founding of Unigloves China

From the first office in Shanghai (HQ), our China team now work across 4 offices in Baoding (North), Chengdu (West) and Suzhou (East). With 30 employees, they offer single use gloves to wholesalers and retailers across multiple sectors, with a focus on the dental market and laboratories.

2018

Unigloves, in partnership with BioCote® combined their expertise to create Europe's first antimicrobial nitrile gloves.

2015

Coloured latex gloves introduced in Brazil.

2014

Zinc and Sulphur-free gloves – created for Japanese food market.
